

SGi INDUSTRIES

Specialists in standard
and custom made
packaging for the
food & fruit market.

We offer a wide range of standard packaging as well as custom made packaging, made from recycled material, for the food and fruit market.

Our range of **disposable food packaging products** include bowls, containers and microwavable containers suitable for convenience stores, supermarkets, retailers, food processors, deli shops, restaurants, catering services and bakers.

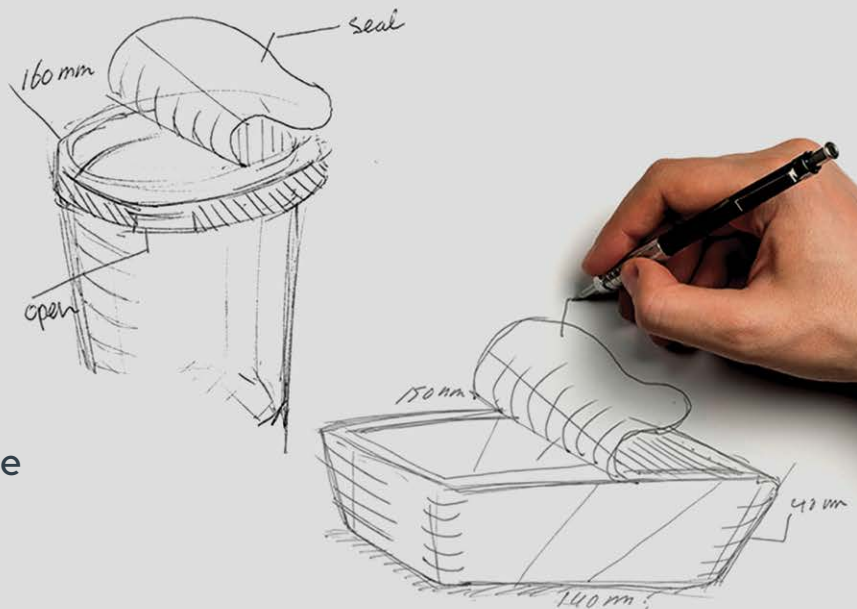

Our **fresh produce range** consists of a selection of tubs, trays, punnets and clamshell containers; providing maximum display and freshness benefits. These products are suitable for farmers, fruit packers and others in the agricultural sector.

Custom Design

Our team of specialists will be happy to design the most suitable packaging for your product.

We take into account ease of use, most suitable production technique and durability.
